DON'T LIKE SPEED VALLEJO, Cal., July 29.—Not at all to the liking of the officers of the four big cruisers of the Pacific Fleet at present at Mare Island is the order from the Navy Department that the fleet shall proceed to Honolulu under high pressure in an effort to test severely the endurance qualities of the various vessels over a long course. All of the eight big ships, which will make the run have been in the two Coast navy yards undergoing repairs, and not on one of them is the work completed because of the effort to crowd four months' work into two. It is said that a protest will be made to the department.

ALBERT POPE IS DEAD BOSTON, Aug. 10.—Albert Pope, the famous bicycle and automobile manufacturer, is dead. Albert Augustus Pope was the founder of the bicycle industry in the United States. As early as 1877 he imported from England the old-style machines with a high front wheel and a small back wheel. Later on he manufactured bicycles himself, and was always a pioneer in the industry, introducing many of the latest improvements. He became interested in automobiles as soon as the "Flag" law was repealed in England and organized the Pope-Hartford, Pope-Toledo and Pope-Detroit automobile companies with much success.
